MYSORE GOVERNMENT, SECRETARIAT,
Bangalore, dated 12th July 1954.

Subject.—**Rules for admission of students to the various Educational Institutions.**

Dear Sir,

I am desired to state that the Educational set up in the Bellary District deserves special notice. The candidates from that District may require some time to adjust themselves to the candidates obtaining in the State. They have also lost a much wider field of admission to Colleges which was previously available to them.

2. It is, therefore, considered desirable that the students from that District, seeking admission to the various Technical and Professional Colleges and Institutions be given special consideration.

Yours sincerely,

(Sd.) *P. M. Krishnan.*

Subject.—**Admission of students to Professional and Technical Institutions.**

I am directed to invite reference to letter No. E. 5154—Uni. 97-51-10 dated 19th July 1952, on the subject mentioned above and to state that though instructions have been issued that in distributing seats, the Admission Committee should give due consideration to candidates coming from Malnad areas, it is observed that proper representation has not been given to such students in allotting seats.

Government therefore desire that a definite percentage of seats should be reserved for students coming from Malnad areas. It is accordingly directed that 25 per cent of the total seats in the Medical College, Mysore, and the Medical School, Bangalore should be reserved for the students coming from Malnad areas in the State for the year 1955-56. These seats should be filled up by selecting candidates coming from Malnad areas only according to Rules of admission to different classes, etc.

If there are not enough number of students coming from Malnad areas for the seats reserved for them as above the lapses should be added to those to be reserved for students from Maidan parts of the State.

All the students coming from Malnad areas have to be interviewed by the Admission Committee separately and according to the admission rules in force admissions regulated as mentioned above.
